Idaho's unclaimed property law requires businesses to review their records and report any unclaimed property they're holding, including money, securities, or other property. Property becomes unclaimed when the owner doesn't claim it after a certain period of time has passed, and attempts to locate the owner have failed.

Use this form to report unclaimed property or use our free, secure Web site to e-file your unclaimed property report at tax.idaho.gov (click on "Electronic Filing," then "File Unclaimed Property Reports Online for Free"). You can also make electronic payments through the site (click on "Electronic Payments").
